Class XII - Central Board of Secondary Education · Maths Computer · Ilanji, Tenkasi, Tamil Nadu

2023

Percentage - 74.8%

### Bharath Vidya Mandir

Class X - Central Board of Secondary Education · General · Ilanji, Tenkasi, Tamil Nadu

2021

Percentage - 87.4%

## Experience

### Techcora Corporation Pvt Ltd

Full Stack Developer · Intern · Full-Time

Jul 2025 - Oct 2025

Chennai

#### Inventory Management Platform

- Designed and implemented key features to streamline inventory workflows, enhance user experience, and improve operational efficiency across departments.
- Optimized process flows to reduce manual effort and support faster, more accurate inventory operations.

#### Smart School Tracking System

- Contributed to the development of a full-stack web and mobile application for school transportation management.
- Integrated real-time bus tracking for parents and route optimization tools for schools, improving safety, transparency, and operational reliability.
- Collaborated with cross-functional teams to ensure smooth deployment and user-centric feature design.

#### Supermarket Multi-Tenant Dashboard

- Developed and integrated multi-tenant functionality to support multiple supermarket branches under a single centralized dashboard.
- Improved scalability and data accessibility by enabling branch-level management, analytics, and access control.

### Techcora Corporation Pvt Ltd

Full Stack Developer · Developer · Part-Time

Nov 2025 - Present

Chennai

#### Quick-Commerce Platform

- Working on developing and improving features for a quick-commerce application.
- Supporting order flow, delivery tracking, and user experience enhancements.
- Assisting with API integration, fixing issues, and improving performance.
- Collaborating with the team to ensure smooth and reliable platform operations.

## Projects

### Portfolio Website

· HTML, CSS, JavaScript

Jun 2025 - Jun 2025

Web Development

Designed and developed a responsive personal portfolio website to showcase full-stack development skills and projects. Implemented interactive UI features, smooth scrolling, and a professional layout. Integrated EmailJS for real-time contact form submissions without a backend. Deployed on Firebase with a custom domain, featuring project case studies and tech stacks.

### Online Quiz platform

· HTML, CSS, JavaScript, and MySQL

Jul 2024 - Dec 2024

Full Stack

Designed and developed a full-stack web application that allows users to register, take quizzes, and track scores. Implemented user authentication, dynamic question rendering, and real-time scoring using HTML, CSS, JavaScript, and MySQL. Focused on a clean UI and smooth user experience while handling quiz logic on the backend. Built with scalability and future integration of AI-based analytics in mind.

## HabitFlow

· React.js, Python, Neon DB

Jul 2025 - Aug 2025

Full Stack

Designed and developed a full-stack productivity web application to help users build and track daily habits and routines. Created an interactive and responsive frontend using React.js, with a Python backend to handle authentication, habit tracking, and data management. Leveraged Neon's cloud-based PostgreSQL database for reliable storage. Emphasized clean, maintainable code and collaboration through GitHub. Applied modern UI and styling practices for a smooth user experience

## Certifications

---

### Python 101 for Data Science

IBM · 47a1ff6e75b04bb2b9341a5431e9cdea

Dec 2023

### Programming in Java

Indian Institute of Technology, Kharagpur · NPTEL24CS105S252507651

Nov 2024

### Introduction to Machine Learning | [Link](#)

Indian Institute of Technology Kharagpur · NPTEL25CS149S633208644

Oct 2025

## Volunteering

---

### Amar Seva Sangam

Volunteer · Community Service Programme

Jun 2025 - Jun 2025

## Skills

---

**Languages and Frameworks:** HTML, CSS, React.js, Tailwind CSS, Node.js

**Programming Languages:** C, C++, Python, JAVA, JavaScript

## Languages

---

English [Professional Working Proficiency], Tamil [Native Proficiency]
